

The Bishop's Co-Ed School, Undri

REPORT ON CLASS VIII PICNIC TO 'MAGIC MOUNTAIN'

"Dive into the Fun Zone, where Fun knows no Boundaries"

Picnic a bridge between academic rigor and recreational relief was organised by The Bishop's Co-Ed School, Undri for Class VIII students on 20th January, 2024 to an Amusement Park "MAGIC MOUNTAIN".

The students were all set to embark on a journey filled with excitement, joy and unforgettable memories. They reported to school by 7:30 a.m. to their respective classrooms. Soon after the attendance, Mrs. Khandelwal, our Middle School Co-ordinator, led us in a word of prayer. The entire team of 286 students and 20 teachers ready to encounter a world full of thrill and excitement left the campus at 8:15 a.m. in their respective buses that were arranged by Team Adventure. The students were extremely excited and on their way they sang and danced to music of their choice in the bus. They were served snacks and breakfast in the bus.

The excitement and happiness of our students knew no bounds as they reached the destination. The park snuggled in the lush green hills of Lonavala featuring 29+ thrilling adventure rides suitable for all age groups, offering a promise of an amazing time.

As the students were excited to sit on the roller coasters and adventurous rides so without delay, they moved on to various rides. Every bus had a volunteer from Team Adventure, who escorted the students to different rides and ensured that they enjoyed and were safe.

Our students along with their teachers enjoyed themselves on rides such as Z-Force, Turbo Force, Giant Frisbee, Sky Screamer, Top Spin, Delta Hoopla, Space Trainer, Super Splash, Mega Disco, Air Race, Flying Carousel, 5D Theatre and other world-class rides offered loads of fun and thrilling moments. Also featuring were Vertical Swing and Super splash exclusive rides, Wave Blaster, Samba

Balloon, Crazy Surf, Sky Race and Musical Fountain which was a wonderful getaway for all individuals seeking thrill and fun.

Around 1 p.m. lunch was served to our students which included Indian and Chinese delicacies. The remaining two hours again witnessed the same enthusiasm and excitement in our boys and girls who went eagerly to those rides which they had not yet enjoyed. The screams of joy and fun were heard all around the place.

The students and teachers thoroughly enjoyed their day at Magic Mountain. Our fun day ended with students and teachers boarding their respective buses by 4:00 p.m. We reached the school campus at 6:15 p.m. as per schedule where parents waited to pick up their children.

Each child took home fond memories of a day well spent with their teachers and friends.
