

THE BISHOPS CO-ED SCHOOL, UNDRI
THE PRINCIPAL'S ADDRESS
TO THE PARENTS OF CLASSES NURSERY TO 2

Education is not preparation for life; Education is life itself.

-John Dewey

The Principal's address to the classes of Nursery, LKG, UKG, class 1 and 2 was just like a 'ray of hope' to the parents amidst the uncertainty that prevailed for a long period of time due to the pandemic.

Our Principal Mr. Julian Luke addressed the parents of class Nursery on the 22nd of July 2022, Classes LKG and UKG on the 13th of July 2022 and classes 1 and 2 on the 6th of July 2022 respectively in the B4 auditorium. As it is a tradition at the Bishop's School, each of these sessions commenced with a word of prayer followed by the welcome speech by our Principal, Mr. Luke. Sir appreciated the parents' presence and lauded their effort for attending the session despite the heavy rains. Thereafter, our Principal introduced the heads of the school, the class teachers, co-teachers, subject teachers, counsellor and the school doctor to the parents.

A detailed talk on the overall development of the student's progress post the pandemic, and major parenting tips along with solutions to help parents that are coping up with difficulties through the transit from online to offline school was delivered by the school counsellor Dr. Yajyoti Singh.

The junior school Supervisor Mrs. M. Fernandes highlighted all the important points related to the school's rules and regulations.

The parents were then allowed to put forth their doubts, which were addressed by the heads and solutions were given for each of the questions that were raised.

At the end of the session the parents were allowed to meet and interact with the teachers. It was a pleasant interactive session with the parents indeed.

Report by:

Mrs. Amanda Almeida

"Learning is a treasure that will follow its owner everywhere."
