'A backpack on the shelf, more fun with no bag itself'!

The future is in our hands. Let's hold onto paper bags not plastic and protect our planet's precious resources. Proceeding with the same zeal in their hearts, the students of Classes 1 and 2 participated in the Paper Bag Activity. The objective of the activity was not only to enhance their creativity and fine motor skills but also to drive home the message 'Say No to Plastic bags'. The students showcased their artistic skills by decorating the paper bags creatively. It was a testament to the potential for learning, through hands – on activities in the early stages of education.

Classes 3 and 4 (Mission Millets)

Students of Classes 3 and 4 spent the morning in preparation to spread the message of good health with - MILLETS. The students enjoyed the day by actively involving themselves, creatively sticking different kinds of millets on different shapes made with colourful charts. This activity didn't just stop here, as the students also relished home cooked snacks that were made with millets, thereby projecting the idea of including millets, in our diet.
