

## THE BISHOP'S CO-ED SCHOOL, KALYANI NAGAR

### REPORT ON RAINBOW DAY

Rainbow Day organised by the Pre-Primary Section - Second Session on Thursday, 27<sup>th</sup> July 2023, was a joyful celebration that fostered unity and acceptance among the students. It served as a reminder that diversity is something to be celebrated and valued.

It was a fun-filled and colourful event, where the little ones and their teachers came to school dressed in vibrant, rainbow-coloured outfits. The classrooms were artistically and beautifully decorated to suit the occasion. First, the teachers taught the children about the different colours of the rainbow. Thereafter the little ones were engaged in a few group and individual activities, fun games and were also encouraged to dance to some action songs.

The Rainbow Booth was the main attraction for both children and parents as well. The tiny tots went home with smiling faces, wearing the headbands and paper bracelets prepared by them with the assistance of their teachers. Overall, it was a happy and colourful day.
