post which two students with the top scores were shortlisted to represent their class. Overall, six teams, including one from the Second Session took center stage in this intellectual battlefield.

Through several riveting audio-visual rounds, questions were posed by the quiz masters that required quick thinking, logical reasoning and the ability to connect different pieces of information. Participants were challenged with a wide range of questions covering various subjects such as History, Geography, Science, Literature, Current Affairs, Art and

Music and more. The Rapid Fire and Buzzer Round encouraged the teams to learn to communicate effectively, delegate tasks and rely on each other's strengths to achieve success.

The quiz masters conducted the quiz in a very interactive way through various innovative, creative, and challenging rounds. Every question they posed was a gateway to learn something new, that enriched the spectrum of knowledge of both the attendees as well as the participants. This got the teams to participate with great enthusiasm and the students in the audience to display unwavering support for their teams and remain avidly engaged throughout.
