

REPORT ON CHEF'S DAY- PRE-PRIMARY

“Cooking with kids is not just about ingredients, recipes and cooking, it’s about imagination and creativity.”

We, the pre-primary section (KLN and SKLN) of the Bishop's Co-Ed School, Kalyani Nagar, organized – “Chef's Day” on the 29th of July 2022. A fun activity for our little ones.

The classrooms were decorated with vibrant colours, a photobooth and chef caps were also made by the teachers. Children were excited to wear the chef caps and carry out fireless cooking.

The tiny tots of Nursery stirred fruits together to make a healthy fruit salad, while the children of LKG made cheesy vegetable canapes.

On the other hand, the students of UKG enthusiastically put the cut vegetables and cheese on bread and made sandwiches. They relished their mouth watering dish garnished with special ingredients of 'love and learning'.

Children learnt the basics of cooking and also made sumptuous food items under the guidance of their teachers.

It was a day filled with fun for our little chefs.
