

JUNIOR COLLEGE PICNIC

The morning of 30th January was happier than any other as the students of classes 11 and 12 went on a school picnic to Imagica, after a tiresome and tantalizing year of exams and carefully organized events.

The students were asked to report to the JeeJeebhoy Ground at 7:30 a.m. and line-up class wise. The buses left the school at 8:30 and reached the destination by 10:30. The 2-hour journey was accompanied by music, dancing, and light snacking with no book in sight for miles.

On reaching the location, the students and teachers were welcomed and taken for breakfast. The students were too excited to eat and instead headed straight for the thrilling, heart-dropping rides.

"Nitro" the biggest rollercoaster in the whole park was the ride most students dared to conquer first. Locked and loaded to take off into the air as if they were on a journey to their next life. They enjoyed their time in the park on rides like Scream Machine, Dare to Drop, Deep Space, Rajasauras, and Gold Rush.

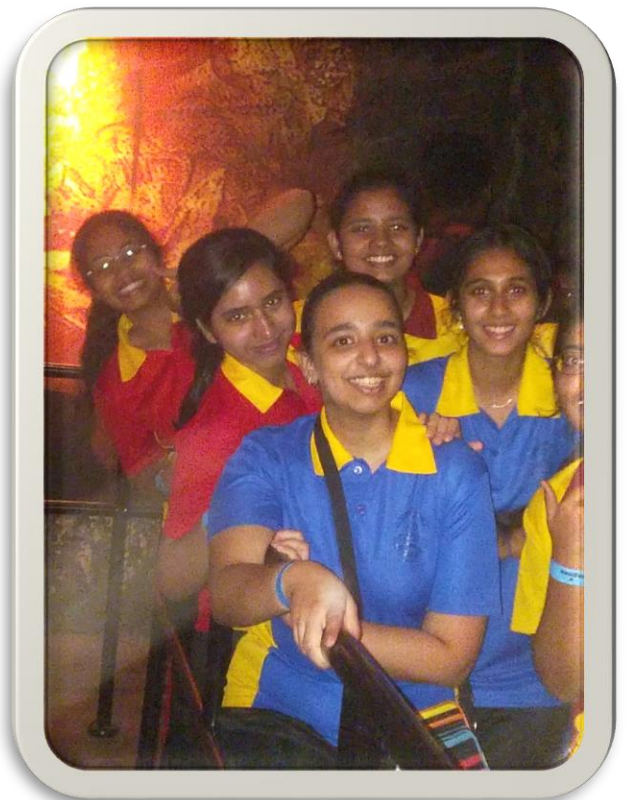

Between exploring the various attractions, students ate their lunch as quickly as possible rushing to get to the next ride and finish how many ever they could. The announcement to re-gather was made and students were asked to return to the entry point by 4 p.m. around which students were dodging their teachers to go on one last ride.

The students soon boarded their buses and started the journey back to school which was filled with exchanges between students about their humorous, embarrassing, or exciting experiences throughout the day.

This excursion was not only a break for the students from the pressures of exams but also an experience worth cherishing. An occasion where the students got to connect over anything and everything and formed memories to last a lifetime.
