

**THE BISHOP'S SCHOOL, CAMP
PRE-PRIMARY SECTION
SESSIONS 1 AND 2
ROAD SAFETY DAY- THURSDAY, 7th DECEMBER 2023**

It is never too early to educate our children regarding road safety rules and thus enable them to be "street smart".

To create awareness among the students on the importance of road safety, an awareness programme was organised by the Pre-Primary section at The Bishop's School, Camp on Thursday, December 7th, 2023.

Children were educated about the safety measures to be taken while on the road. Teaching our children road safety rules will help ensure the safety of our future generation.

Mrs. T. Samuel and Ms. P. Mason taught the children a few basic road safety rules to ensure that children know how to identify a safe situation, how to assess risks on pavements and roads, as well as how to practice safe and responsible behaviours going to and from school.

A Role play activity done by Ms. J. Braganza and Mrs. B. Salve, actively kept the children engaged, thus enhancing their understanding and decision-making skills.

Introducing primary school students to traffic signs is a fundamental aspect of road safety education and so teachers had arranged activities where children learnt to recognize and understand the meaning of common traffic signs through games, flashcards, and interactive quizzes.

At the end, the children were shown a PowerPoint Presentation on Road Safety Rules.

Road safety is a vital life skill that should be instilled in children from a young age. Primary school plays an important role in educating and equipping students with the knowledge and awareness necessary to navigate roads safely. By implementing engaging and interactive road safety activities, educators can empower young learners to make responsible choices, understand traffic rules, and become active participants in creating a safer community.

Mrs. Sarita Lal
Assistant Teacher (Pre-Primary Section)
