

ALUMNI REUNION - BATCH OF 1977

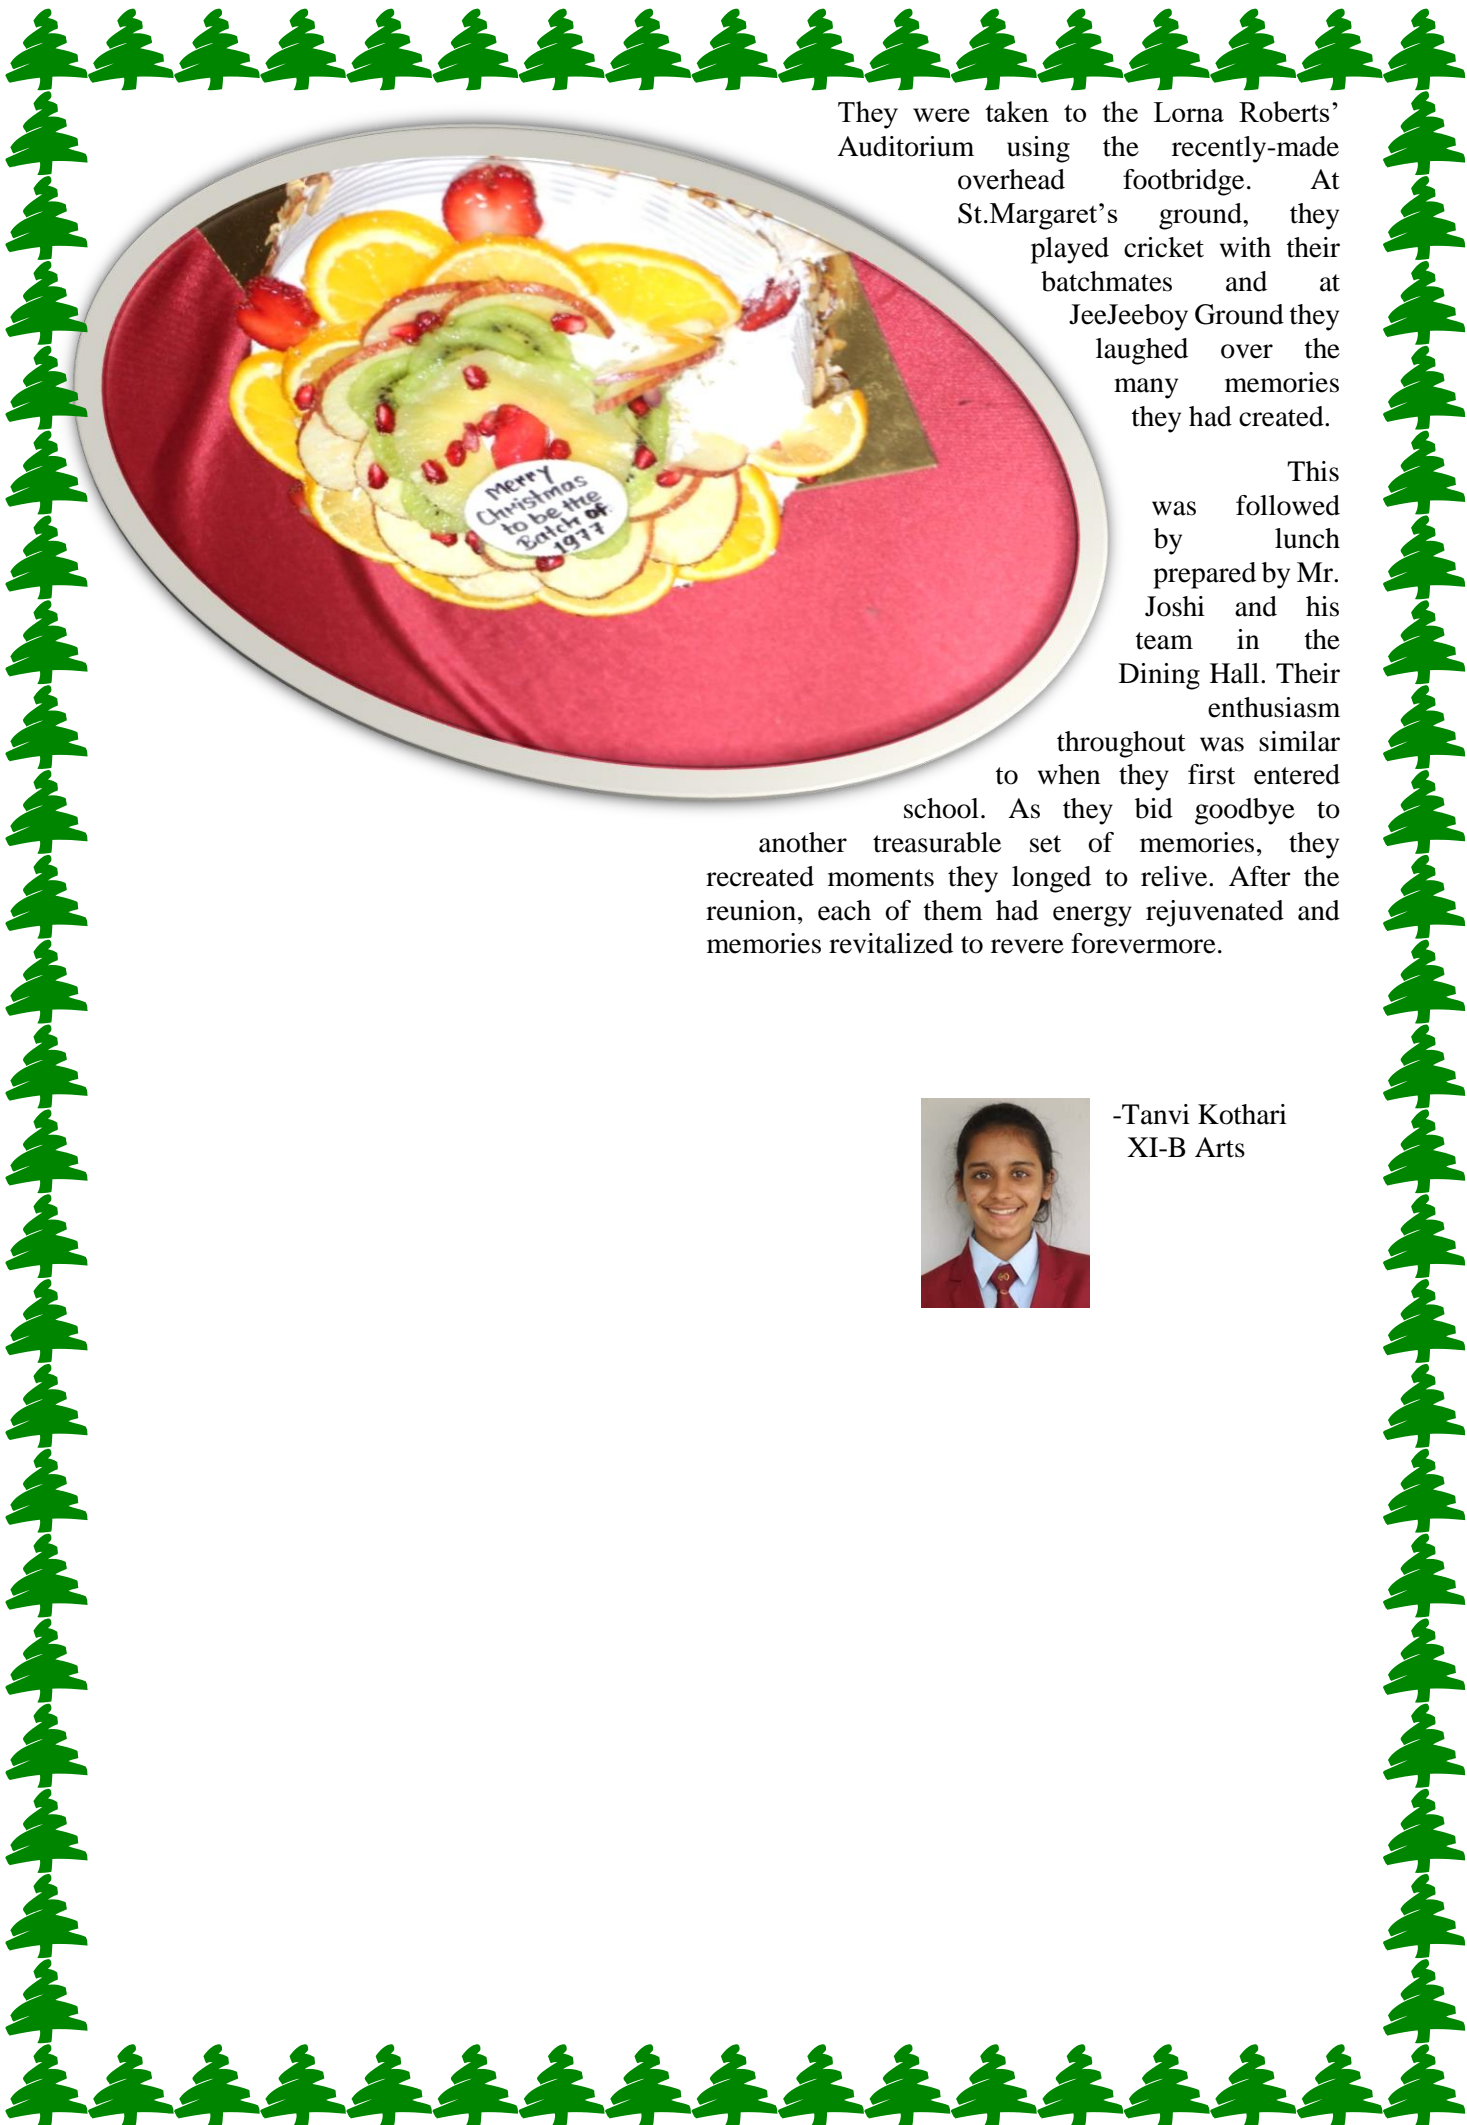

The Bishop's School, Camp warmly welcomed the alumni of the I.C.S.E batch of 1977 on December 22, 2022. Roughly twenty alumni visited the campus from across the world. The alumni were assembled at the Harding Hall, where the school presented them with present badges, hymn books and caps.

The day commenced with an appetizing breakfast after which the alumni were given a tour of the school by four students from the Junior College- Mohammad Rajkotwala, Krish Rathi, Jiya Garg, and Aashi Srivastava.

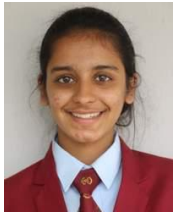

The tour began from the main campus at the Lunn block where the alumni reminisced about their senior school classrooms and stories etched back in time. The boarders of the batch of 1977 revisited their respective dormitories in the Lunn Block, Simba Block, Jubilee, New Upper, and New Lower as each of them became sentimental about 'their days'.

They were taken to the Lorna Roberts' Auditorium using the recently-made overhead footbridge. At St.Margaret's ground, they played cricket with their batchmates and at JeeJeeboy Ground they laughed over the many memories they had created.

This was followed by lunch prepared by Mr. Joshi and his team in the Dining Hall. Their enthusiasm throughout was similar to when they first entered school. As they bid goodbye to another treasurable set of memories, they recreated moments they longed to relive. After the reunion, each of them had energy rejuvenated and memories revitalized to revere forevermore.
