

**THE BISHOP'S SCHOOL, CAMP  
A REPORT ON THE FIELD VISIT  
2nd SESSION, CLASS 3 A,  
DATE- 9TH AUGUST, 2023, AT MG MOTORS**

---

A field visit cum painting competition was organized for the children of class 3 of both sessions, on 9th August 2023, at MG MOTORS SHOWROOM, on East Street, Camp.

The children of class 3A second session, accompanied by the class teacher, Nicola Belsher, and the computer teacher, Veronica Jayasilan, were taken to the showroom by the school bus at approximately 12 p.m. and returned safely in an hours time.

This visit was a visit with a difference, as it proved to serve the children with an excellent opportunity to familiarize themselves with the state-of-the-art car showroom and various innovative vehicles displayed.

The children were taken around in three batches, and shown the different Electric Cars. They were allowed to sit inside and get the feel of the steering wheel, the front seats, and the comforts of the back seats. The ultra-modern and latest updated version details of the rearview camera, the automatic start and stop buttons, were explained and information regarding the functioning of these Electric Cars were beautifully explained by the organisers, and the same was absorbed well by the students.

There was a Recap questionnaire conducted, to which the children gave enthusiastic responses.

The MG Motor Showroom, organized an interesting fun-filled art competition "Painter Babu", for the students. All the art material required was provided by the organizers and the students enjoyed coloring the given pictures.

Finally, a light vegetarian snack was distributed to the students.

This increased enthusiasm and excitement in these little minds. The students thus returned with utmost happiness and joy.
