

THE BISHOP'S CO-ED SCHOOL, UNDRI

REPORT ON THEME BASED ACTIVITY FOR THE PRE-PRIMARY SECTION

THEME- SUPERHEROES

“Have I not commanded you? Be strong and courageous. Do not be afraid; do not be dismayed, for the Lord your God will be with you wherever you go.”

-Joshua 1:9

When we think of a superhero one normally thinks of Spiderman, Batman, or Superman, etc....but there were superheroes long before these characters were created. Firstly, one must understand the base of this name is ‘hero’. What is a hero? A hero is a person who does something special or out of the ordinary in order to help others. They are special people that an individual can look up to. A superhero is a true hero and specifically the one who helps people selflessly or leads them by example.

To instill the true values of the selflessness of superheroes in the young minds of our students, the Bishop’s Co-Ed School organized another fun filled activity on the theme ‘Superheroes’ on 23rd September 2022 for the students of classes- Nursery, Lower KG and Upper KG. This was the perfect way to get in touch with our own inner superhero powers. The purpose of this special day was to remind ourselves to be more tolerant and sensitive towards those in need and always help others and be kind to one another.

A huge contribution was made by our dedicated and passionate team of the Pre-Primary teachers for the décor, under the able guidance of our Principal- Mr. J. Luke, our Junior School Supervisor- Mrs. M. Fernandes, our pre-primary and class 1 coordinator- Mrs. M. Pillay and our coordinators of the pre-primary section. Wonderful creative ideas were displayed on the bulletin boards, the corridors, the central lounge area and the stilt area through the vibrant images and the logos of various superheroes.

Enthusiasm was at its peak, when our young learners excitingly gazed through the corridors that exhibited the theme ‘Superheroes’. They jumped with joy and chuckled watching the décor of the extraordinary Superheroes, such as – Superman, Batman, Spiderman, Wonder woman, Ironman, Thor, Hulk and Captain America etc. The students held up the fervour as they came dressed as their favourite superheroes. It was marvelous to see our tiny tots walking and acting out beautifully as the different characters of the team superheroes.

Class Nursery: It was indeed a pleasure to watch the toddlers of Nursery as they walked in the corridors to see the display of our superheroes. They enjoyed the fun activities and games planned by their teachers.

Class Lower K.G.: Each class of the Lower K.G. section selected a superhero and decorated their corridor as per the theme. The corridor looked stunning with the colourful display of bulletin boards and strings. The students enjoyed singing action songs and had a blast playing fun games with their peers. The students and the teachers were dressed in the given colour codes, and all the students received superhero masks as a takeaway.

Class Upper K.G.: The team of the Upper K.G. also selected their superhero and created the décor of the same. The corridor was decorated with spectacular backdrops, display boards and strings. The students really had great fun playing different types of games like fire in the mountain, ice and water and hurdle races etc., which were conducted by their teachers, and they also enjoyed singing along with their peers.

Indeed, it was a blissful and memorable experience with the warmth and laughter of our students accompanied by the appreciation from the parents. This super fun activity ended with immense satisfaction as we watched our young learners leave the campus with bright smiles on their faces and an inspiration from our superheroes to be a good human being and to always believe in ourselves. We owe our appreciation to all the parents for encouraging and motivating their children to actively participate in this joyful event. As we look forward to organizing and witnessing many such activities in the future, we thank our dear children for making their parents, school and themselves proud by contributing and playing an important role to ensure that this activity was a great success!
