

Inter House Quiz Competition-

Classes 1 to 5 (2023-2024)

Knowledge is power-Thomas Hobbes

General knowledge instils in children a sense of awareness, broadening their outlook on the outer world and helping them understand things better.

The Bishop's Co-Ed School, Undri believes that Quiz Competitions increase knowledge. To cultivate this awareness, we organized a Quiz Competition in January 2024, aimed at motivating our students to stay informed about current affairs across various fields.

There was a preliminary written round in which all the students had to answer questions as per their level. The House Masters then chose their participating teams from among these students.

The final rounds were conducted in the presence of our Principal, Mr. Julian Luke and our Headmistress Mrs. Melissa Fernandes.

The quizzing session had seven rounds, including audio-visual, rapid-fire, and many other interesting rounds. The audience actively participated as there were questions designed for them as well.

All the students demonstrated equal competitiveness, showcasing their updated general awareness. We believe that fostering a fair and inclusive environment for knowledge enhancement contributes to the holistic development of our students.

The final results were as follows:

Class	Winning House	Names of the Winners
Class 1 and 2	O'Connor	Zahra Gadwal Zahra Rampurwala Siya Ghodekar
Class 3,4 and 5	Wintle	Darshna Raj Hemakesh Manasamudram Unmesh Pol
