UNDER THE SEA

REPORT ON THEME-BASED ACTIVITY FOR THE PRE-PRIMARY SECTION

“And God created great whales, and every living creature that moveth, which the waters brought forth abundantly, after their kind, and every winged fowl after his kind: and God saw that it was good.” Genesis 1:21

The sea continues to be a source of great exploration and enchantment for many.

With its charismatic (and sometimes elusive) wild life, stunning plant life and even shipwrecks and under water statues, there are so many wonders to be appreciated under the waves. However, there is no need of being an experienced diver to sight these amazing creatures from our oceans/seas – The preprimary section has gathered them here for you!

The Pre-Primary class activity “UNDER THE SEA” was conducted on 26th August 27, 2022.

The celebration lasted for the entire week beginning from 22nd August, which was a hustle and bustle in B1 with colourful and vibrant activities done by the students pertaining to the theme “Under the sea”.

The classrooms had an activity corner displaying all the art and craft work related to the theme that escalated all the excitement and brightened up the ambience. The display boards and the corridors had a plethora of creative and colourful display adding to the vivaciousness of the theme. The students were handed takeaways and novelties for their active participation in making this activity a vibrant one.

The highlight of the event was the dance performed by the students of classes Nursery, Lower Kg and Upper Kg on the lively and robust song “Baby Shark’ wearing wonderful shark headgears.

The activity concluded with all the students of the Pre- Primary section performing to the beats of “Baby Shark” in the stilt area. The entire atmosphere was embellished with a happy and joyous feeling.

This fun filled activity ended with immense satisfaction as we watched all the students leave the campus with bright and happy smiles.
