

THE BISHOP'S SCHOOL, CAMP (SECOND SHIFT)

A REPORT ON – FIELD TRIP- A VISIT TO THE NATIONAL WAR MEMORIAL AND SOUTHERN COMMAND MUSEUM

All students look forward to their field trips, Grade-5 of The Bishop's School (Second Shift) got a break from the usual school day on 26th June, 2023. They visited National War Memorial Museum, South command, Pune. It is the largest command of our country representing eight states.

The National War Memorial is the only war memorial in South Asia that has been erected through citizens' contribution with names of post-independence martyrs belonging to the tri-services hailing from Maharashtra inscribed on marble structures.

The Southern Command Museum located inside the National War Memorial campus, Ghorpadi, is a tribute to the brave hearts of the nation who made the supreme sacrifice for the motherland.

The museum consists of weapons used by the Indian armed forces in different wars. The armaments are a source of awe and inspiration for

the visitors. Besides, the narrations related to the army history, details of wars that India fought, beautifully and aesthetically etched on frames, meant to arouse the spirit of nationalism and love for the country. The museum also has details about the soldiers who fought the wars with bravery and courage, and their stories skilfully showcased for the people of the country. Their military experience and history have been depicted through photographs and artefacts, including captured weapons, flags, documents, statues, murals, busts and oil canvas paintings which are a cynosure of attraction for the young and the old.

It was a good 'Educational Trip' where students enjoyed themselves and learnt a lot.
