**PRE-PRIMARY SECTION**

## **REPORT ON THE DENTAL AWARENESS CAMP**

1<sup>st</sup> July is celebrated as Doctors Day. It is a day that highlights the importance of doctors in our lives. We were delighted to have with us Dr. Tarvin Kaur on 1<sup>st</sup> July, 2022.

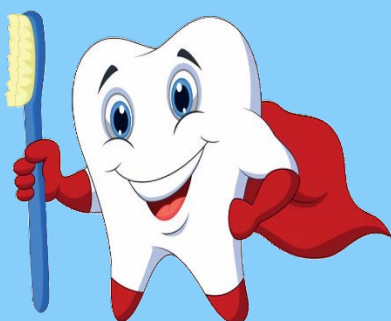

A dentist is a doctor who takes care of our teeth.

Dr. Tarvin Kaur is a renowned practitioner, running her own dental practice “New Age Dental Care” in Pune for the past 18 years.

Along with her practice Doctor Kaur conducts dental awareness camps for a number of reputed schools of Pune, as doctor believes in cultivating good dental habits early in life which leads to good oral health for life.

The Pre-Primary Section celebrated the day with gusto. Dr. Tarvin Kaur gave an enlightening talk to the children on how to take care of their teeth. Doctor also highlighted the importance of brushing one's teeth twice a day and gargling after every meal. Doctor showed various slides and videos on the method of brushing one's teeth and also demonstrated on the model of a tooth.

The doctor asked the children a few questions and cleared their doubts. The children were informed that the best and most important drink is WATER and it is important to keep our teeth and tongue clean.

The children enjoyed singing along some fun songs with actions. The song “Brush, brush, brush your teeth, brush them everyday. Up and down and all around brush them everyday” was quite a hit.

The programme ended with a vote of thanks and a token of appreciation presented to the doctor by our children. The children sure took back a lot from the session and learnt how to keep their teeth healthy and strong.
