**Report on VIOSA Student Career Assessment & Counselling**

**CLASS VIII**

***"Opportunities don't happen,***

***you create them"***

***Anonymous.***

The career assessment is an all-powered career analysis, specially designed for student to evaluate individual skills, knowledge, abilities, personality traits, attitudes and academic potential & performance to drive the best potential career paths for them.

The Bishop's Co-Ed School, Undri and VIOSA conducted the student career assessment & counselling on 6th December 2022 for the students of class VIII.

Mr. Dabal Thapa – Vice President operations (Abaven Edu Tech Pvt. Ltd.) addressed the students of class VIII regarding the career assessment program.

VIOSA Tabs were provided to the students for an assessment based on personality analysis & career interest for a duration of 45 to 60 minutes.

This aptitude test was of assistance for students to choose right career option. Students of class VIII were benefited from the orientation & assessment program in the following manner:

- Determining strengths, interests & values.
- Setting direction & goals.
- Understanding the world of work.
- Identifying options & choices.
- Enhancing your personality development.

Career counselling helps students to understand the career options they have, and how to pursue them. VIOSA helped them to understand their own strengths and weaknesses regarding exploring various career options in this competitive world.

Overall, the session was helpful and informative for the students.
