

# **THE BISHOP'S CO-ED SCHOOL, UNDRI**

***"TELL ME AND I FORGET, TEACH ME AND I MAY REMEMBER, INVOLVE ME AND I LEARN"***

***BENJAMIN FRANKLIN***

Experiential learning is an engaged learning process whereby students 'learn by doing' and by reflecting on the experience. At The Bishop's Co-Ed School in Undri, we believe in the holistic, all-round development of our children. With the help of these activities, students not only had hands-on learning experiences but also a platform to showcase and enhance their fine motor skills and creativity.

The Experiential Learning activities for Class 3 were conducted as follows:

**1st February 2024 - Making a Clock (12 hour clock)**

**5th February 2024- Making a pot**

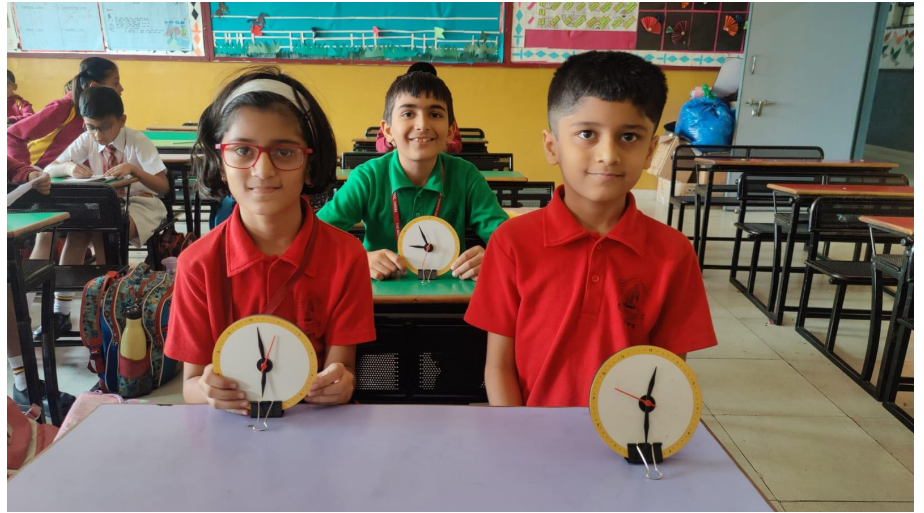

**6th February 2024 - Clay Elephant**

With the help of Experiential Learning volunteers, the children were not only eager to participate in these activities but also thrilled, as they had a chance to learn how to create new things with concentration and discipline. It was a great learning experience for all our students, as they understood the concept of learning for oneself, learning for others, and learning for the world at large. The day was indeed a fulfilling and enriching experience for every child who participated in these activities.
