

THE BISHOP'S CO-ED SCHOOL, UNDRI
REPORT ON THE STREET PLAY HELD FOR CLASSES XI&XII
ACADEMIC YEAR 2022-2023

The "domestic" part doesn't matter. Violence is violence.

On 10th November 2022, the students of classes 11th and 12th from the Humanities stream, organised a Street play on the current social evils like domestic abuse. The event was held during break from 10:30 to 10:45 am, in the stilt area of B3 Building at The Bishops Co-Ed School, Undri. The students of Junior College along with the teachers, the Junior College Co-ordinator Dr. Ulfat Baig and the Junior School Supervisor Mrs. M. Fernandes were a part of the initiative to generate social awareness.

The play included three acts where it unveiled, not only how women and men experience domestic abuse on a daily basis, but even senior citizens go through the same. Domestic abuse is physical as well as emotional. A scene where both parties treated each other with love and respect was also showcased. Despite the fact that we are living in the 21st century, the mind-set of the people is still the same.

The play was enriched by a dance performance on the motivating song, 'Waving Flag' which conveyed the message that even a few people who fight against injustice, with a little unity and strength, can change the world and overcome any challenge.

People need to unite for issues like these to make an impactful change and spread awareness. With each other's support and fellowship, the world can become a better place. In order to make a difference, we need to be vocal and acknowledge how domestic abuse affects our communities, our families and our lives.

The main motive behind the Street play was to demonstrate the fact, that at any given moment we should have the power to fight against injustice.
