***“True Happiness comes only by making others happy”***

20<sup>th</sup> March is observed as the International Day of Happiness in all 193 United Nations member states as proclaimed by the General Assembly of the United States recognizing the relevance of happiness and well-being as universal goals and aspirations in the lives of the people worldwide.

With this thought and enthusiasm, the Pre-Primary Section celebrated ‘International Day of Happiness’ on Wednesday 23<sup>rd</sup> March, 2022.

A PowerPoint presentation was shown to the children which highlighted the importance of the day. This helped the children understand the need to spread happiness and positivity among the people around them and what they can do to make themselves and others happy. A short video, on the topic ‘Helping others and spreading happiness,’ was shown to the children.

Thereafter, the children were asked one at a time to narrate what makes them happy and some of their answers were really heartwarming. Before ending the session, each teacher sang with their class the song ‘*If you are happy and you know it*’ along with the children. At the end of the session, most children understood the importance of the day.
