

THE BISHOP'S CO-ED SCHOOL, UNDRI
LEARNING BY DOING (REPORT ON EXPERIENTIAL LEARNING ACTIVITY)
CLASS IV

“Tell me and I forget, teach me and I remember, involve me and I learn.”

- BENJAMIN FRANKLIN-

Experiential learning focuses on creating experiences that have a practical application of knowledge and skills to real-world experiences to increase the learner's knowledge and develop competence in skills and behaviours.

The Experiential Learning activity for Class IV was conducted by “SAKAL TIMES” under the supervision of Miss. Amruta Kamble on the 8th of December 2023 at THE BISHOP'S CO-ED SCHOOL, UNDRI.

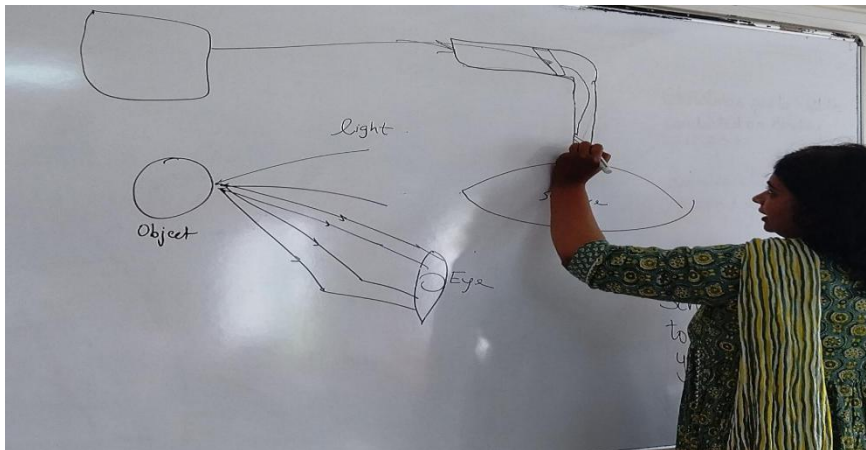

The Science experimental model Kit of ‘*Periscope*’ was distributed to the students of Class IV and a demonstration was given. Under the guidance of the resource person, the students were able to assemble the parts of a Periscope. As the session involved a lot of interaction and participation, every student found it very interesting and enjoyable. Through this activity the students understood the working of reflection in the periscope and its uses. The students participated enthusiastically and enjoyed the activity thoroughly.
