

THE BISHOP'S CO-ED SCHOOL, UNDRI

REPORT ON BAGLESS DAY

"Quality in education is what makes learning a pleasure and a joy."

Bagless day in school not only provides a platform to encourage students to participate in extra-curricular activities but also is an attempt to provide a different module of learning for better performance. The Bishop's Co-Ed School, Undri, conducted a Bagless day activity for the students of Classes VI, VII and VIII on 23rd September 2023 to retain the freshness in learning. The fulfilled and engaging activities focused on developing creative, speaking and listening skills of the students.

The day began with a word of prayer followed by a short video on 'Importance of Sanitization' enacted by the students of the middle school. To hone the interpersonal skills of our students, various speaking activities were organized on this day. Students were called upon to share their experience and express their thoughts on various topics given by the teachers like-'Climate Change', 'Importance of Hobbies', 'Importance of Goal Setting', 'Cleanliness', etc.

During the day, various activities were organized to engage students in discussions and speeches related to environmental issues, personality development, etc. Students of class VIII participated in the activity by showing Power Point Presentations on the smart boards in class. The primary focus was to ensure how these activities could contribute to the development of students' oratory skills.

Bagless Day at school has proven to be a valuable initiative that combines environmental consciousness with the development of essential oratory skills. By participating in workshops, debates, and oratorical contests students not only improve their communication skills but also become more environmentally

conscious individuals. The event is a testament to our commitment to holistic education, nurturing both personal growth and a sense of environmental responsibility among our students. It is recommended that such activities continue to be an integral part of our school's annual calendar to further enrich students' educational experience.
