

VISIT OF THE 1992 BATCH ALUMNI

“We shall look back with pride, on the school that we love, the Alma-Mater that our memories enshrine....”

The Bishop's School, Camp, delightfully welcomed the alumni from the 1991-92 batch on 2nd August, 2022. Six students - Nimish Raval, Kabir Lulla, Mazahir Quettawala, Sachin Panjwani, Sudakar Arde, and Hassan Tafti, from different parts of the world, visited the campus.

The Principal, Mr. Joel Edwin and the Headmaster, Mr. Christopher Gaynor welcomed them with generous greetings and guided them through a brief overview of the campus and the changes that have taken place since they left school.

This tour began with a visit to the pre-primary section. They had never visualized a Fighter plane on the campus. They continued with a visit to the St. Margaret's ground and the Lorna Robert's Auditorium. Nostalgia was written all over them, they felt

deeply lost down their memory lane as they chuckled over fun memories.

Siddharth Thadani and Vibhor Agarwal from Grade XI had the privilege to escort them on the campus tour.

On the main campus, they had their second surprise awaiting as they saw the newly exhibited 'Tank' and the area behind the dining hall, which had changed a lot since they passed out of school.

They met Ms. M. Hora, the Dean of the Junior College and had a conversation about their fun days in school and the

physical differences in the campus. The alumni then visited the Jeejeebhoy Ground and took photos and saw the new seating arrangement, while remembering their days of youth.

They walked down memory lane as they visited the junior section and their boarding, and met their old teachers and rejoiced. As they sat on some of the benches in the classroom, the air of nostalgia wafted their faces.

As the final segment of the visit, they enjoyed the delicious snacks arranged while they discussed their school days. As they bid adieu, they were gifted a special hamper containing the Bishop's History book, a tie and a set of lapel pin and cufflinks. The entire visit was captured at various moments via photos as this was one experience they would trade for none.

The happiness of visiting one's Alma Mater knows no bounds especially after more than a decade gone by. However, the feeling of being a 'Bishopite' lingers on for life as do the lessons learnt, as if they just happened yesterday.
