

# THE BISHOP'S CO-ED SCHOOL KALYANI NAGAR, PUNE

## BSRC Fun Fest

Every year, the Bishop's School Robotics Club (BSRC) conducts a bake sale in The Bishop's Co-Ed School, Kalyani Nagar on the day of the Open House to raise funds. This year we were joined by the classes 9 to 12. The stalls were set up on both the Junior School and Senior School Open House days and the entire stilt area was buzzing with activity. The stalls included mouth-watering snacks, drinks and exciting games.

Each class from 9<sup>th</sup> to 12<sup>th</sup> standard set up one stall each, which resulted in almost 50 stalls on both the days. Despite having only three days of preparation, the students did an amazing job on the stalls.

This event also taught the students about sales, pricing and how to make a profit. They made the food items themselves and set up games for the stalls on their own.

The parents after attending the Open House, visited the fest area along with their children. They treated themselves to some sumptuous fare and enjoyed the various games.

The BSRC is grateful for all the students who enthusiastically participated in the event and helped make the Fun Fest a huge success. We would also like to thank the Estate Department for their help in setting up the tables and ensuring smooth flow of the event.

Through this bake sale a lot of money was collected. The funds collected will be used by the BSRC for club activities and to promote interest in STEM (Science, Technology, Engineering and Mathematics) and Robotics among the students.

The bake sale emerged as a remarkable achievement, showing the passion and interest our students hold for such initiatives. It showcases our potential to come together for a common cause and contribute for the broader school community.
