

THE BISHOP'S CO – ED SCHOOL, UNDRI
REPORT ON THE ANNUAL CLASS PICNIC TO MAULI ADVENTURE WORLD –
2022-23
CLASSES – IV, V

Picnics indeed provide a valuable bonding time for everyone! For many, by the time Monday rolls around, a feeling of anxiety sets in, but for the students and the staff of standard IV and V, the days as mundane as Monday or Wednesday turned out to be one that were full of excitement at its zenith. The 30th as well as the 25th of January, 2023 were enthralling, much awaited and finally a rejuvenating break from academics for Classes IV and V respectively.

Mauli Adventure World situated at Maual, Hinjewadi was an experience which gave each one of us a chance to step into a beautiful, scenic, and calm but adventurous world especially after the pandemic.

The students lined up with their teachers in the stilt area of building B4 at 8:00 a.m. on this pleasant morning. Our Supervisor, Mrs M Fernandes blessed the children by evoking the blessing of the Lord and wished them a safe journey. Children and teachers boarded the buses allotted and departed for the venue with cheer and enthusiasm along with many volunteers from Team Adventure.

The one-and-a-half-hour journey to the venue was filled with laughter, music, some hip shaking and a lot of snacks which pepped up the spirit even more.

After reaching the venue, each of us got a chance to be one with nature and we were all welcomed to a sumptuous breakfast. No sooner did we complete our breakfast, then the students lined up for various activities like rain dance, tractor ride, train ride, different recreational activities and the wonderful magic and puppet show. The activities filled the air with joy and enthusiasm that we didn't realise how time swept by and we were ready for lunch.

Lunch too was an enjoyable time as once again the taste buds were tickled to the core. Some relaxation and pack up time post lunch helped all not only to digest the appetizing food eaten but also strengthened the bond with each other.

Soon we lined up to board our buses before which we were served snacks once again. Our bags were filled with goodies!

Our return journey etched the sweet memories of Mauli Adventure World in our hearts and minds.
