

The Bishop's Co-Ed School, Undri

Report on Bagless day activity for classes VI, VII & VIII

LIGHTEN THE LOAD- NO SCHOOL BAG, MORE FUN!

The bagless day in school not only provides a platform to encourage students to participate in extra-curricular activities but also, is an attempt to provide a different module of learning for better performance. The National Education Policy (NEP) mandates the participation of students in bagless days to learn through craft and enrichment activities.

The Bishop's Co-Ed School, Undri, conducted the first Bagless day activity for classes VI, VII & VIII for the academic year 2024-25, on Saturday, 20th April, 2024.

Bagless day activity:

- ❖ Poster Making Competition Topics-
- ❖ Conservation of Water (Class VI)
- ❖ Say No to Plastic (Class VII)
- ❖ Road Safety (Class VIII)

"You cannot change your future, but you can change your habits, and surely your habits will change your future" – Dr. Abdul Kalam.

Environmental ethics believe in ethical relationship between human beings and natural environment. The aim of poster making was to sensitize the students about the need of protecting our mother Earth. The students made beautiful and creative posters to not only showcase their talent but also, to protect the environment and to achieve the goals of sustainability. The students enjoyed the

activity which gave them the opportunity to express their creativity and motivated them to take the pledge to work towards a sustainable future.

Class 6 students, through water conservation poster making, learnt the preservation and regulation of the use of water.

With an objective to make everyone realize the harmful impact of plastic on our Earth, including mankind, wildlife and aquatic life, students of class 7, made beautiful and informative posters to spread awareness.

The students of class 8 made posters on road safety. The students learnt the prevention of road accidents by obeying road safety rules and regulations. The most important factor of road safety is the need for skillful and cautious driving so that passengers, pedestrians and drivers stay safe.

Overall, the activity was helpful and informative for the students.

Mrs. Ritu Tandon

SAVE BLUE, LIVE GREEN.

PLASTIC WILL MAKE OUR END DRASTIC!

“SAFETY ON THE ROAD, ASSURANCE FOR LIFE.”

PRESERVE WATER, PRESERVE LIFE.

SLOW DOWN, SAVE LIFE.

SAVE THE EARTH, SAVE YOURSELVES.

**DON'T WASTE WATER TO HARVEST IT
LATER.**

**"USE WATER WITH CARE, IT'S OUR
TREASURE RARE."**

THINK GREEN. BE GREEN.
