

**THE BISHOP'S SCHOOL, CAMP**  
**JUNIOR SECTION, SECOND SESSION**  
**ART AND CRAFT CLUB**

**“ART IS NOT WHAT YOU SEE, BUT WHAT YOU MAKE  
OTHERS SEE”**

The purpose of the Art and Craft Club is to encourage creative expression and to allow students to discover new crafts and bring together a group of like – minded people.

Art and craft activities encourage students to think outside the box and to explore creativity and imagination, allowing the students to express themselves in several different ways. Creativity is a valuable skill that can be applied across subjects and in various aspects of life. Nurturing creativity from a young age helps students become innovative thinkers.

The Art and craft club helps in providing the students who an opportunity to explore art and craft forms beyond what is offered in the curriculum.

Students benefit through Art and Craft in so many ways:

- Boosts self – confidence.
- Promotes curiosity and encourages knowledge gathering.
- Improves their social skills, making friends and getting on with other children.
- Helps them to express their emotions.
- Build on problem – solving skills.
- Develops their imagination and creative thinking.
- Develops fine motor skills and builds pre – writing skills.

Keeping all the above in mind, in the Art and Craft Club for the month of September our children from classes 1 to 5 started the club activity with a discussion on the benefits of art and craft.

The students were taught art activities like drawing, colouring, origami activities, collage activity, in which they showcased their creativity and talent. Children enjoyed making paper sunglasses, paper bags, paper umbrellas etc.

The Art and Craft Club has been a very encouraging, engaging and entertaining extracurricular activity for our students.

It has helped in the all – round development of children and helped in building their self – esteem and creativity.

## CREATIVITY TAKES COURAGE.

Ms. Ridha Ahmed  
Assistant Teacher  
Second session
