REPORT ON THE PRINCIPAL'S ADDRESS TO THE PARENTS

OF CLASSES VI TO VIII

FOR THE ACADEMIC YEAR 2023-2024

"Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations."

Bob Beauprez

Parents and teachers play a vital role in every child's life. What they say and do has a tremendous impact on the child's growth, overall development, behaviour and confidence. When parents and teachers understand and support each other, it is the child who benefits the most. Keeping this in mind "The Principal's address to the parents of classes VI to VIII" was held at The Bishop's Co-Ed School, Undri on Wednesday, 19th July, 2023 at 9:30a.m. in the B-4 Auditorium.

Our Principal Mr. Julian Luke addressed the gathering, followed by a word of prayer by our Headmaster Mr. Ralph Russell. Our Principal Mr. Julian Luke introduced the Heads, Class Coordinators, Class Teachers and Subject Teachers, simultaneously their photographs were displayed on the digital screen along with their qualifications and years of experience.

Our Headmaster Mr. Ralph Russell constructively engaged and familiarized all the parents with the rules and regulations of the school which need to be adhered to, by the students and parents. The school rules and regulations aim to spell out clearly how students can exemplify the 4 core values of school, namely - Mindset for Excellence, Integrity, Responsibility and Respect.

Our school Psychologist, Dr. Y. Singh, highlighted the role of parents in the construction of a child's persona and upbringing. The audience was provided with valuable information related to the physical as well as behavioural developments that occur in children during the transitional period for students aged between eleven to thirteen. Dr. Singh's message was favourable in amplifying parenting skills and understanding the growing phase as the students approach adolescence.

Our Principal, Mr. Julian Luke and our Middle school Coordinator, Mrs. Alpana Khandelwal diligently clarified doubts and answered queries raised by few parents, followed by the parents being permitted to interact with the teachers of their wards.
