

**THE BISHOP'S SCHOOL, CAMP
REPORT TEACHER'S DAY CELEBRATIONS, 2022**

Our journey began from the campus at 7.30 am after being treated to some delicious snacks and a ride in an air-conditioned bus to the venue.

After a two-hour drive, we embraced solace in the lap of nature in Monteria Village Resort in Khalapur. A special day out dedicated to the selfless service of the teachers was planned for a quick getaway.

We finally reached the picnic spot amidst lush green grasses, which was a treat for the staff. Much of the verdant countryside there was indeed a sight to behold! The resort treated us to a sumptuous breakfast after which we dispersed for some games and much needed outdoor activities.

Teachers were seen letting their hair down as they enjoyed a fun ride in a motorised carriage. They even dabbled in pottery and tried swinging which was as refreshing as a breath of fresh air!

We were introduced to some exotic plants like the touch me not and many more that were on display for the visitors. Cherry tomatoes, freshly handpicked from the orchards were also put up for sale.

A dummy train was stationed in the premises in which the teachers clicked some nice photographs as a proof of the indulgent moments, they surely cherished.

After several outdoor activities, piping hot lunch was served which was enjoyed by one and all. A brief interactive session was conducted where some interesting games were played with the host treating us to some foot-tapping numbers as well. The teachers surely enjoyed humming along with him. Amidst peals of laughter, prizes and small tokens of appreciation were handed over to the participants, the teachers.

After a fun-filled day, we headed towards our homes with our hearts filled with rich memories of a day, without the cares and worries of the world, far from the madding crowd to a place that offered solace -Monteria Village Resort.
