

## THE BISHOP'S SCHOOL, CAMP

### PRE-PRIMARY SECTION

### REPORT ON COLOUR DAY-2023-2024

#### FIRST AND SECOND SESSION

Our world is filled with colours. A very important part of learning during Kindergarten is identification and recognition of colours.

Colour Day was celebrated with great enthusiasm and excitement at the Pre-Primary Section on 12<sup>th</sup> July, 2023. Each class was allocated a colour and the students were asked to come dressed in the assigned class colour. The teachers were dressed up in similar colours too.

The entire school premises was filled with a burst of colours as students arrived wearing colourful outfits for the day. It was a sight to behold as we witnessed a rainbow of colours adorning our school.

The Upper Kindergarten and the Lower Kindergarten celebrated 'Colour Day' in the basement of the B.W. Roberts building, while children of class Nursery celebrated the 'Colour Day' in their respective classrooms.

The teachers and children welcomed our Headmistress, Ms. Mayura Barsay, who led us in a word of prayer, which focused on gratitude, unity and embracing the diversity of colours in our lives.

A few action songs and rhymes on colours were sung by the students and the teachers. To add a touch of excitement, various activities were organized for the students.

The First Activity was – ‘Balancing the Ball’. This was an inter class game. This game was played in pairs. Six pairs were selected from each class. Each pair had to pick a ball from the bucket, put it on the newspaper without dropping it down while they crossed a wall of chairs. Once the wall was crossed successfully, they had to drop the ball in a tub. The class that finished first was the winner.

The Second Activity – ‘Hop With A Ball’. In this game, the children had to pick a ball from the bucket. Hop on to the hula hoops and drop the ball in the tub. The class that finished first was the winner.

The Third Activity – ‘Bombing the Colours’. All the children came to the center and danced to the music that was played. When the music stopped, the children chose their preferred colour corner. A teacher then called out the colour which was bombed and the children standing in that colour corner were out. The group of children that remained till the end were declared the winners.

The Nursery children were involved in an activity of sorting out the different coloured balls and blocks in their respective classrooms.

Thereafter the children went to their respective classrooms and enjoyed their colourful and tasty snacks. Most of the children had brought snacks based on their class colour theme.

I would like to take a moment to appreciate the efforts put in by our ever-enthusiastic parents in not only getting their children dressed in bright colours but also preparing such colourful snacks. Your dedication towards making your child's day special is truly admirable. Thank you for always supporting and encouraging your child in all aspects of their school life. Such gestures bring joy and fill the air with enthusiasm, making our school a happy place for each one of us.

The teachers put in extra effort to make special treats for 'Colour Day'. This shows their dedication and creativity in making learning fun for their children. A packet of Gems was given to the children as a sweet treat, which added a touch of excitement to the day.

One can truly say that The Colour Day event was a magnificent one that not only brought the school together but also enhanced the creative skills and cultural awareness of the students. It was also a learning activity which helped children immensely by strengthening their cognitive skills.

We are forever grateful to our Principal Mr. Shayne McPherson, Our Headmistress Ms. Mayura Barsay, Our Pre-Primary coordinators, Mrs. Shama Tinwala and Mrs. Olivia Southwell, for their never ending support and encouragement. All the parents, teachers and children wholeheartedly cooperated to make the celebrations bright and colourful. It was indeed a happy and colourful day. The innocent faces of our little ones gleaming and reflecting joy, love and happiness.

Ms. Monica Anthony

Assistant Teacher
