

THE BISHOP'S SCHOOL, CAMP
REPORT ON CHILDREN'S DAY 2022

“A child is an uncut diamond” a quote by Austin O'Malley is indeed what we at The Bishop's truly believe in, and try our best to do for our children.

14th of November was yet another special day to let our children know how much we cherish them!. The day was organized fully fun-filled and no books-no study day for classes 6 through 9. Classes 8th and 9th had an amazing time, on St. Margaret ground, trying their chef skills on fire-less cooking, ranging from tempting chaats to delicious rolls and sandwiches, not leaving out delectable juices and mocktails we got to taste!

Meanwhile classes 6th and 7th had fun playing various fun games and watching movies in the first half of the day, after which we distributed snack packets to the children which added more smiles on their faces!

The second half of the day from 10.30am onwards till 1.30pm the children were taken to the Lorna Robert's hall for the elimination round of The Bishop's Got Talent followed by their surprise play planned by us teachers. The play was scripted by none other than our adept Headmaster Mr. C. Gaynor.

The hall was echoing giggles and laughter that boosted we teachers to give it our best shot and make the day a memorable one for our beloved children. "Life is all about having a good time" a quote by Miley Cyrus is not enough to express how much we want our children to know that we treasure them and want them to be engulfed in joy, happiness, warmth, care and love. With this we concluded their special day.

Ms. A. Telore
