

THE BISHOP'S CO-ED SCHOOL UNDRI.

REPORT ON PRE-PRIMARY - SECTION ACTIVITY – COLOUR DAY

“Colours speak louder than words”

‘COLOURS’ we see them everywhere. Our world is filled with colours. Colours are the smiles of nature.

On the 28th of July 2022, The Bishops Co-Ed School, Undri organised their second fun activity on the theme ‘Colour day’ for the students of classes Nursery, Lower KG and Upper KG. The main purpose of this special day was to explore a wide range of colourful activities. All the students came dressed in vibrant and colourful outfits.

The event would not have been possible without the painstaking efforts of the Pre-Primary Teachers under the guidance of our Principal – Mr. J. Luke, our Junior School Supervisor – Mrs. M. Fernandes, our Pre-Primary and Class I Co-ordinator – Mrs. M. Pillay and our co-ordinators of the Pre-Primary section. Creative ideas were displayed in the central area, on the bulletin boards and the doors of the class rooms. The corridors and the central floor areas were decorated with colourful flowers, butterflies and birds.

Class Nursery – The little ones came dressed in colourful outfits. Each section selected a colour theme and a type of flower and decorated the strings, boards, and doors accordingly. The corridors and the central area were decorated with colourful flowers. The children were given a printout of a flower to colour and floral hand bands were their takeaway gifts.

Class Lower KG – The students of LKG came dressed in vibrant outfits. The corridor was well decorated and looked bright and beautiful. The central area was decorated with a huge butterfly. The display boards, strings and doors were decorated with colourful butterflies. The children were given a printout of a butterfly with a few circles to stick on it and butterfly head gears were their take away gifts.

Class Upper KG – The children came dressed in different coloured outfits. The theme for Upper KG was 'Birds' and hence, the corridor was decorated with different types of colourful birds. The display boards, strings and doors were tastefully decorated. The children were given a craft activity of a bird. The takeaway gifts given to the children were varieties of colourful birds on sticks.

It was indeed a new experience for all the students of the Pre-Primary section. The children were extremely happy to come to school dressed in their Sunday best. We owe our gratitude to all the parents for encouraging and motivating their children to participate in this fun activity. We look forward to organizing many more activities in the future. Last but not the least, we thank our dear students for making this event a great success by contributing and playing an important role in this activity.
